Barcelona - Spain

IVECO declares that it is technically possible to install the Hydraulic Pump Kit of OLIVA TORRAS on the Daily models (MY2016 / MY2019 / MY2022) equipped with 3.0-liter engines, Hi-Matic gearbox, with or without climate control system (in left or right configuration):

- 35S (EVI HD – 160/180/210 Diesel or 140 CNG)
- 35C (EVI HD – 160/180/210 Diesel or 140 CNG)
- 50C (EVI HD – 160/180/210 Diesel or 140 CNG)
- 60C / 65C / 70C / 72C (EVI HD – 160/180/210 Diesel or 140 CNG)

coupled with:

- hydraulic pump 236F8H25D11 (Supplier IPH)
- installation kit PN KH15017003 - Rev. E (Supplier Oliva Torras)
- air conveyor PN: 5802725496 (Iveco Supplier)
- specific 8 ribs belt PN 5802719089 (Supplier Dayco)

This authorization is valid only if the following conditions are strictly respected:

- compliant application, without exception, to all the legal requirements of each State in which the vehicle will operate
- increased minimum engine rpm with hydraulic pump inserted at 1150 rpm
- maximum operating pressure of the body's hydraulic system to 160 bar
- installation carried out in qualified workshops, using adequate technical skills and in compliance with all the documents indicated below:

IVECO - "BBI Manual"

OLIVA TORRAS - Assembly instructions 1199887003 Rev. E

OLIVA TORRAS - Data Sheet KH15017003 Rev. E

IPH - Data sheet PN 236K8H25D11

- the final application complies with all the necessary requirements to guarantee the safety of the product IVECO
- engagement – disengagement / use of the hydraulic pump only when the vehicle is stationary

- without compromising the original IVECO components and their functionality.

IVECO is not responsible for:

- claims deriving or relating to poor design or incorrect manufacture of the kit or deriving from incorrect installation of the kit

- liability arising from insufficient knowledge or misinterpretation of the legal provisions in force.

Responsibility for the transformation must be assumed in full by the Oliva Torras Manresa - Barcelona (Spain), to which this declaration is released, which relieves IVECO of any claim and any type of damage resulting from defects, malfunctions or other of the kit

The present cancels and replaces any previous authorizations.
