

# SB13050019 – www.olivatorras.com update

## What's new on the web site?

### 1. Tools Tab

Select the tab to view and order the recommended tools to aide the kit installation

### 2. Compressor Tab

Select the tab to view and order the available compressor

### 3. Logout button

Click on the button to end the current session. Depending on explorer settings it will recognize the same user on a new explorer session. Please, use the logout button to allow a different user to be logged in or your user not to be recognized in the following explorer session.

### 4. Warranty claim menu access

Select the option to access:

- Warranty claim request form
- Warranty claim status for open claims
- Warranty claim archive for closed claims

### 5. Code finder

Type in the box the part number, complete or partially, to filter through the spare parts or kits master file. Once the part is found you can add it to your basket and continue finding more parts to add or terminate the part selection to your order

### 6. General Sales Conditions

General Sales Conditions documents are accessible now whenever a user is signed in

The screenshot shows the Olivatorras website interface. At the top, there is a navigation bar with tabs for Company, Kits, Spare parts, Compressors, Tools, Service bulletins, OEM Agreements, and Contact. Below this, there is a 'Registered users' section with a 'Logout' button. A 'Code finder' search box is also visible. The main content area features several product categories: Vans & Trucks, Bus, Compressors, Kits, Spare parts by brand, Standard spare parts, and Service bulletins. A 'privacy policy' and 'general sales conditions' link is located at the bottom of the page.
