

COMPANY POLICY

Our mission is to become our customer's partner-collaborator, especially industries and infrastructure operators, to whom, with the purpose of reaching excellency, we provide with global solutions through technology, products (design, development and production) and services, which allow them to improve the development of their business.

Through this document, known and shared by all the staff, Oliva Torras wants to demonstrate its continuous compromise with the Quality, Environment, Security and health in the workplace.

Oliva Torras board engages in the responsibility of maintaining a Quality Management System based on UNE-EN-ISO 9001, an Environment Management System based on UNE-EN ISO 14001 and a Security and Health Management System at the workplace, establishing this compromise in the following principles:

- Providing added high value as a regular basis in our activities.
- Regulating all our activities by the principles of honesty, integrity and respect for the business, social and environmental surroundings.
- Loyalty to the way of working, focusing on the quality, service, agility and adaptability, inherited thanks to our metallurgical tradition.
- Searching for the growth and professional attainment of those who take part of the organization, who are the real heart of the group.
- Fulfilling the norms, requirements and all environmental and security regulations that may apply.
- Establishing goals to minimize and optimize the use of natural resources and raw material, emission to the atmosphere, control and improvement of water waste, minimizing noise, minimizing and evaluating residues, preventing contamination and reducing professional accidents and diseases.
- Establishing goals of quality, focused on the continuous improvement and the satisfaction of the customer
- Contributing to the society by preserving the well-being of people and the professional development of all collaborators of Oliva Torras, of its social, economic and environmental circle.
- Offer the means and necessary resources to maintain the policy in a way that the Company staff always feels part of it.
